**(ix) Innovation Cell**

In the year 2018, the Ministry of Education (MoE) through MoE's Innovation Cell (MIC) launched the Institution's Innovation Council (IIC) program in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the culture of innovation and start-up ecosystem in education institutions.

Primarily, IICs' role is to engage large number of faculty, students and staff in various innovation and entrepreneurship related activities such as ideation, Problem solving, Proof of Concept development, Design Thinking, IPR, project handling and management at Pre-incubation/Incubation stage, etc., so that innovation and entrepreneurship ecosystem gets established and stabilized in HEIs. The IIC model is designed to address the existing challenges/issues in HEIs such as less numbers, occasional and unplanned Innovation & Entrepreneurship (I&E) activities organized in HEIs with low involvement of top leadership, lack of coherence and absence of synergy in resource mobilization, deployment and underutilization of creative potential of youths as major barrier for vibrant I&E ecosystem to emerge from HEIs.

## (xiii) Teaching Learning Process

### *Net Campus Management System*

Every Institute, regardless of its size,reputation, or level of youth and vitality, strives to offer the best education and support to all stakeholders involved. To provide best-in-class education to students and the best service to parents and society, an institute must achieve the highest levels of academic excellence and administrative efficiency. For an institution to achieve overall 3600 success, the best Learning Management System (LMS), Campus Management System (CMS), adherence to governmental standards and certifications, and other factors must be prioritized. The Institution must keep up with the latest trends and use the best tools and techniques for software-based documentation, tracking, and management of academic as well as non-academic activities in order to achieve the highest academic excellence, the best administrative **efficiency, and overall success**
